

ULTRA-PRO

SAFETY FENCE

By Cosio Industries Ltd

Cosio Ultra-pro safety fence is a premium high visibility safety fence, Ideal for all civil construction sites, events or temporary fencing. Ultra-pro safety fence is UV stable for long life

Installation guidelines;

Un-roll ultra-pro safety fence and cut to length required with sharp scissors or side cutters. Ultra-Pro safety fence is rigid so will require less support than other site fencing. Drive warratahs, Y-posts or stakes into the ground and use wire ties, electrical ties or other methods to attach the safety fence to the posts. If Ultra-pro safety fence is to be used in public areas along with steel post ensure safety caps are fitted onto the steel posts to prevent injury.
