HD CANOPY BIRDNET

Bee friendly canopy birdnet

Heavy duty bee friendly canopy birdnet, specially designed for visibility, and helps to reduce stress to bees.

Heavy duty Blue/White canopy birdnet is specially designed to be visible to Bees and Bumble bees. Bees can see the colours blue & white better than some other colours. Our canopy birdnet is made with White & blue yarn which helps reduce stress for better **Bee health**.

HD canopy birdnet is extra heavy duty 75gsm with 16mm diamond mesh to reduce wind & damage to plants from birds and other pests.

Ultra-pro HD Canopy Birdnet has tripple reinforced edges for superior strength.
