# BIOBIRD

Light knitted birdnetting

**Protect your fruit and vegetables from pest damage.  
Biobird is a low cost, high quality knitted birdnetting**

Biobird is a long life UV stabilised bird netting. Use Biobird to protect crops, vines and plants from unwanted pests such as opossums and birds. Biobird is knitted and the mesh size is a 16mm diamond. Use Steel staples to pin to the ground or Polyclips can be used to clip Biobird to wires. Biobird birdnet is 4m wide when pulled out, if layed loose the width will be less than 4m. When cutting birdnet to length allow an extra 25-30% this will ensure the birdnet is the correct length when fixed at 4m width.

## Applications

- Crop & plant protection
- Building eaves & openings
- Domestic / commercial
- Vine netting / throw over birdnet

## Technical specs

- Roll size - 4m x 50m, 16mm diamond
