GARDEN TRELLIS

Extruded plastic mesh

Handy plastic mesh for temporary fencing, climbing plants, tree & plant protection.

Applications

- Temporary fencing
- Climbing plants
- Pest or rodent control
- Tree & plant protection
- Event fencing

Advantages

- Strong & durable
- Smooth edges - not sharp like other mesh
- Heavy duty
- Wide range of sizes & colours

Specifications

- Roll width - 90cm
- Roll length - 5m, 30m
- Mesh size - 17mm, 50mm
- Colour - Green, Charcoal, Brown

Garden trellis can be fixed using staples, cable ties or hog rings. Y-posts can also be used if creating a temporary fence.

For 3mm, 6mm, 12mm, 40mm mesh use Industrial / Oyster mesh / Cray mesh
