

INSECT MESH

Fibreglass & Aluminium insect screen

Insect Mesh is a premium quality anti-insect mesh which can help to prevent insects from entering buildings & structures.

Insect mesh is ideal for replacing old & worn out screen doors & window coverings. DIY installation kits can be purchased through hardware stores which use magnetic strip to fix the mesh to doors or window frames. Insect mesh can be cut to size easily. Fibreglass insect mesh can be sewn onto tents & awnings to repair old mesh.
